However, with this soft documents, you can take pleasure in reviewing in the downtime also in the voids of your jobs in office.

### Amazon.com Review

2nd Chance reconvenes the Women's Murder Club, four friends (a detective, a reporter, an assistant district attorney, and a medical examiner) who used their networking skills, feminine intuition, and professional wiles to solve a baffling series of murders in 1st to Die. This time, the murders of two African Americans, a little girl and an old woman, bear all the signs of a serial killer for Lindsay Boxer, newly promoted to lieutenant of San Francisco's homicide squad. But there's an odd detail she finds even more disturbing: both victims were related to city cops. A symbol glimpsed at both murder scenes leads to a racist hate group, but the taunting killer strikes again and again, leaving deliberate clues and eluding the police ever more cleverly. In the meantime, each of the women has a personal stake at risk--and the killer knows who they are.

2nd Chance speeds along at a Formula One pace through many tight curves, but unlike recent entries in the Alex Cross series, it doesn't sacrifice good characters to a twisted plot. Lindsay's the star, but there's a fine esprit de corps among the four women, who are even better developed here than in the first book. What makes them both convincing and interesting as a criminal-justice juggernaut is their willingness to stick their necks out, even if they suffer for it. If you haven't picked up a James Patterson novel in a while, this is a great time to start anew. --Barrie Trinkle

### From Publishers Weekly

It's been a long time since we've seen a bestselling author of Patterson's clout credit an assistant author on the cover, and good for Patterson for that. The credit is deserved. This is Patterson's richest, most engaging novel since *When the Wind Blows* and, as the second in his Women's Murder Club series (after *1st to Die*), yet more evidence that this prolific writer can roam beyond Alex Cross with style and success. Like all Pattersons, the narration mixes first and third person the first here is voiced, as before, by San Francisco homicide detective Lindsay Boxer, while the third-person sections cover the doings of the other three members of Boxer's informal club, a reporter, a pathologist and a prosecutor, as well as the villain's shenanigans. The basic story line is vintage Patterson, i.e., a serial killer (here, one known as Chimera) goes on a calculated rampage until stopped by the good guys or in this case, gals. As the victims a young girl shot dead, an elderly black woman hanged, two cops pile up, it becomes clear to Boxer and others that they're up against a racist who hates black cops; is the killer a cop himself? The story ripples with twists and some

remarkably strong scenes, particularly Boxer's in-prison interview with a crazed con. But what makes this Patterson stand out above all is the textured storytelling arising from its focus on Boxer's personal issues. In the first novel, Patterson personalized Boxer by dealing with her rare blood disease; here, it's the emotionally powerful introduction of Boxer's long-lost father into her life that galvanizes the plot, particularly as Patterson ties the man into Chimera's rampage. Prime Patterson; first-rate entertainment. (On sale Mar. 4)Forecast: Patterson's name, major ad/promo and a 10-city author tour add up to #1; simultaneous Time Warner Audio and large-print edition.

Besides this book [2nd Chance By James Patterson, Andrew Gross](#), you can additionally locate hundreds listings of guides from numerous resources, compilations, authors, and also authors in around the globe.

## 2ND CHANCE BY JAMES PATTERSON, ANDREW GROSS PDF

When a little girl is shot on the steps of a San Francisco church, Detective Lindsay Boxer knows it's time to reconvene the Women's Murder Club. Working with reporter Cindy Thomas, assistant DA Jill Bernhardt, and medical examiner Claire Washburn, Lindsay tracks a mystifying killer who soon turns his pursuers into his victims. The unorthodox allegiances of the Women's Murder Club lead them to suspect the unexpected - the killer may be an ex-cop. But nothing could prepare them for the demented logic behind his choice of victims...

Second Chance

By Kindle Customer

This is the second book that I have read of James Patterson's(Women's Murder Club) books and I'm can tell you that I'm really excited to be off to such a great start! I have done a lot of reading and I don't know why I didn't take the time out to at least look at his style, or characters. My mother-in-law who is 80, and knows me better than I do told me to try this series out and I love it! I've already downloaded the next three books. I don't like to tell anything about the story for fear of spoilers, I figure you can get the info from the book when you purchase it. I just like to say that I read so much that these are wonderfully written books! Check them out!

James Patterson with Andrew Gross

By DP

2nd Chance is an exciting read. Any one who is familiar with the San Francisco/Oakland bay area will see the places in 2nd Chance. The reader may have some idea as to who the killer is and maybe not. I know I had a couple of characters in mind and I was wrong. That is good writing. After the death of Lindsay Boxer's boy friend and lover in 1st to Die, Lindsay has gone over and beyond in her desire to solve any homicide that is committed in San Francisco. In 2nd Chance, Lindsay travels to Napa wine country and then on to Cleveland, Ohio where similar murders have been committed. Lindsay believes these are the same killer. She gets together with her friends, Jill, the deputy DA of San Francisco County, Claire, San Francisco ME, and her good friend from the San Francisco Chronicle, Cindy. Cindy does some research in the Chronicle's files to find some clues as to whom maybe the "Chimera." Lindsay father left when Lindsay was very young and he too was a SFPD officer, when he suddenly reappears into her life. But why now? Why would her father show up now? Does he have some connection with the killer? Why was a child murdered leaving church choir practice? There are many questions to be answered. You can find the answers byreading this fine novel. Recommended for the mature reader. Language and sexual content. DP, Castro Valley, CA

Very good continuation of series

By Kindle Customer

I'm reading this series again years later. I still get the chills from certain scenes, love the girls camaraderie and especially the mystery.
