Leslie is playing backgammon again. As a sexual masochist, she delights in designing severe penalties for herself that she must pay if she loses the game. This time, the stakes are higher than ever. Her husband is appalled by the punishments that she risks if she loses. But she demands that he fulfill his part of their agreement, no matter how severe the consequences. These two novellas feature kinky BDSM scenes, which include bondage, humiliation, and torture. If you don't like reading about such things, this book is not for you.

Classic Ashley Z

By Koala Bear

I've been a big fan of the author for years, and without a doubt the character Leslie is my all time favorite. The idea of a woman who is both a masochist and a control freak, who guides others through binding, humiliating, and torturing her, is inventive and very intriguing. There is copious sex, bondage, forced exhibitionism, humiliation, masochism, pain, and suffering that hit all of my smut requirements. **WARNING:** if you don't find this kind of twisted kinky stuff sexy, you will not like this book and you should move on. However if you do, you'll probably need to read in small bursts, and with only one hand free

Full disclosure - I've only read the first of two stories here, but it was worth it all by itself.

Leslie is back!

A Lady Pays Her Penalties was the first erotic novel I ever read, so I have an attachment to this author and to the character of Leslie in particular.

I highly recommend you read Penalties before picking this one up. This novel takes place a few years into Leslie's marriage to Alex, who we're introduced to in the third act of the first book. Because her then-fiancé & husband developed a liking for Leslie's strange combination of intelligent, self-possessed form of sadomasochistic eroticism, he baits her into another game of backgammon and the story unfolds from there.

This time, the character if Alex is more developed, and more interesting, whereas the partner-in-bondage Craig makes only a brief cameo appearance.

The sex is hot as always, and the predicaments are well-crafted although (IMO) not quite as scintillating as those in the first novel (the first scene in ALPHP still makes my mouth go dry after several years and several reads.). A few moments are downright funny, one of AZ's trademarks. Most of all the enjoyment is in reading the author breathe life again into a GREAT female character who defies every stereotype of submissive females in this genre. What kind of masochistic, humiliation-fetish submissive manages to be so totally in control and so far ahead of all the other characters in the novel?

Leslie is so dynamic. I could read her exploits for quite a long time without getting bored. Let's hope she comes back for a third installment. I've had a sense since the first novel that there's potential in further developing the relationship between Leslie and Craig.

Okay

I did not like this book as much as the Slave books. It was good but more erotic than anything else, I did not like that the first was about adultery, the hurt it would cause a marriage. But then, I guess it taught her husband a lesson. Didn't work out in several of her Thursday night's either. The five envelopes were pretty hot. The next not so much.
