Five Stars

By Nurse mom

An older book but has excellent information.

0 of 1 people found the following review helpful.

worth reading

By LKD

This book changed my life when I was 20, over 30 years ago. It is worth reading. Back then, some of these ideas were "radical". They may seem less so now, but nonetheless, it is good to know where you come from.

1 of 3 people found the following review helpful.

Dated but with a Place in History

By K. Vestal

When first printed in 1974, this would have been a ground-breaking read for women of faith, introducing the concept of options for women's lives inside and/or outside the home. Today, though, it is quite dated and worth the read mainly as a snapshot of Christian feminist history. Two of the fifteen chapters are notable exceptions: one about women in several of the pagan Biblical nations, each discussed individually; and the second about wasting the church's gifts. Especially the former, coupled with the book's place in history, makes this book a good addition to any Christian feminist collection.
