Have you ever wished that your life could be more than a treadmill, an endless succession of daily responsibilities coupled with the relentless drive to succeed? You wouldn't be alone. After the completion of a law degree, Ollivia pursued a legal career at a big-city law firm. Ambition drove her for a few years-until she took a hard look at her life and goals and decided . . . to give it all up and move to France.

This leap of faith was based entirely on an aching and unexplainable desire for something more. In 2006, Ollivia quit her job, left her life, including her fiancé, and moved to Paris for what was supposed to be a five-month sabbatical to learn French, a childhood dream. But Paris and French life passionately impaled her heart.

The rest is Becoming Madame.

Well-written and FRESH! Writing style easy to read, but compelling; such a positive, uplifting, "happy" read. The descriptions of her travels are so good--almost like the reader could travel there herself with the author.

A True-life Fairy Tale

By GB

Journey with Ollivia from her job in a high-powered N. Y. legal firm to Paris where she finds a new life and love with a real Prince Charming (family chateau and all). Ollivia does a wonderful job of bringing us the sights, sounds and tastes of France, and even includes recipes. A must-read for all of us who love things French!

I knew I would love this book because I follow her blog

By Genevieve Gertrude

I knew I would love this book because I follow her blog. De la Valliere is a good writer, an understanding

observer, an engaging companion, and a generous sharer of recipes, history, her own life, and France.

Wonderful Feel-Good Story From A Star In The Making

By Trion Reid

Wonderful. A very special novel from a very special author - watch out for her, she is clearly the next big thing and a star in the making. A great feel-good story that you can actually relate to. Would make a great film adaptation and I am already looking forward to the sequel, surely "Becoming Maman"?
