A Wonderful Take on Fairy Tales

By Star Wand

This is a wonderful take on fairy tales from two of my favorite gals, Betty and Veronica. All the stories are lovely and really incorporate the Archie universe in well. They also had interesting twists. In the Beauty and the Beast and Snow White adaption, Veronica is bad and Betty is good. In the other three tales, Veronica and Betty are sisters, and Cheryl Blossom appears as the big baddie in these tales. It was an interesting take. Each tale contains a forward by author and illustrator Dan Parent, who brought these wonderful tales to life. I would highly recommend this book for children and adults of all ages.

So Much FUN !!!!!!!!!!!

By rush1313

I love the Betty and Veronica storybooks, putting a fresh spin on the classic fairy tales (particularly as reworked into movies of the past several years). Best of all, this volume features several stories with fan fav Cheryl Blossom, as well as some lovely paintings as frontpieces by contemporary artists.
