Excellent must have book

By Voltron

this is an excellent book. i came across this book while preping for the canadian dental board exam ndbe osce component. if you will be taking the osce in canada this book is a tremendous help, its a bit more detailed then the osce but thats. will make te osce seem that much easier.

even if you are not preparing for school its a great refernce to have its a case based examples of events that occur in the dental office. once you are practicing dentistry you will cpme across certain cases where you amy be unncertain of whatnto do ornhow to handle a given event. the book goes through manyof the examples and teaches you how to eliminate thongs to narrow your choices to certain diagnosis. basically making you e dental version of house for those of you familiar with the show....

Very good book.

By anna ares

So far it seems like a very good book to prepare for dental osce's. It is written in a way that somehow manages to be a comprehensive review of many different aspects of dentistry and it's clinical correlation.

Good review.0 of 0 people found the following review helpful.

good review

By S Sutton

A practicing dentist myself, I wanted to get an idea how other practitioners did their diagnosis. Several really helpful sections that gave me a good rundown how other dentists tackle some of the things I see every day. Good read.See all 4 customer reviews...
