Great explanation of what the lifestyle should be like

By CrazyDanceMom

Ok, I admit at first I found the whole step brother premise a little weird. But this is a great book. The characters are well developed and the plot moves nicely. And let's face it, who wouldn't want hot twins catering to her? On the darker side, this book does shed light on a trouble spot in the BDSM community, abusive relationships. It's rather easy to confuse abuse with BDSM for newbies but this book explains the differences nicely.

Enjoyed this Series

By Jaime Mae Rieck-King

I enjoyed this Series. The ending was a little short in the fourth book but the idea was there. Katie deserved a happy ending. No better place then next to the 2 men who love her the most!
