## About the Author

Mirco de Cet was born in a small village in the Dolomite Mountains north of Venice, Italy. His interest in vehicles began at an early age, when he saw people going about their business on small cylinder machines known as 'motorino'. In the 1950s Mirco moved to England, where he worked in a well-respected automobile franchise. At this point his love of both cars and motorcycles really took off, and he was invited to work on a car magazine. He has a passion for anything mechanical.

KKLEIN Formula One

By Kenneth Klein

This was an excellent book - well laid out and uniform for each race circuit. Each chapter had a little history of the track and drivers with a well illustrated picture of the track. The only thing the book did NOT have was information on the Circuit of the Americas track in Austin Texas (But I am giving the authors leeway because the track has only been there for a little over a year). Hopefully it will be included in the next revision of the book.

Overall I was very satisfied with this book!

10 of 13 people found the following review helpful.

Do not buy this cheaply made bad quality book

By CAS

I sent this back the day I opened it. Blurry photos. Binding cheaply made and arrived broken. Oh and the Valencia Circuit-one page. Yet this is what they advertise.

Frustrating.

5 of 6 people found the following review helpful.

Great book!

By AMC

I gave this to my brother-in-law, an avid Formula One fan, for Christmas and he LOVED it! He was very excited to see the photos and point out which ones he's visited. According to him the information provided along with the photos was interesting and correct. He was very gracious; this gift was a definite success!
