Missing Important Pages

By SI Saluki

The book is in great, perfect condition.. But it is missing 33 pages! I am missing pages 321-352 and they were pages necessary to complete my homework. I had to ask a peer to borrow their book so I could do my homework for Chapter 7. It does not look like the pages were ripped out. It simply looks like they were never there. I am not sure who to complain about this but I am not happy.M
