A Wonderful Read

By Bella

I really enjoyed this book. I loved the love and friendship between the two main characters. We meet them when they are 5 years old. And we follow their journey as they grow up. I felt like I got to know Aahan and Kavya very well. And their families to. The way Aahan loved Kavya was truly amazing. When you get to the part in the book when Kavya goes through the awful rape it rips your heart out. It is also heartbreaking how women are treated in India after they are raped. The book also takes you into some India culture that was very interesting. This book was one of the best books I have read in along time. I liked the way it was written . You really have a feel for the characters in the book. Especially after Kavya tries to deal with the aftermath of what happened to her. I hope more people become aware of this book. It deserves to be on the Bestsellers list. Once you start reading you won't be able to put it down.
