Men Talk Solids, Liquids and Gases is a collection of 400 quotes, thoughts and experiences of men I've come across in my life as well as some of my own. No one famous. All anonymous. While different than the other books in the series, Men Talk Solids, Liquids and Gases is still intense, raw, very funny, sometimes hot and somewhat insightful. Topics covered include farts, burps, pee, poo, diarrhea, vomit, spit, snot, sweat, blood, semen, pussy juice, menses, cramps, yeast infections, odor's, stains, the penis, the vagina, the anus, sweaty balls, rimming, swallowing, anal sex, lube, water sports, scat play, ass wiping, toilet paper and public restrooms. The basic premise of the Men Talk Book Series is that a man can pick up this book and see that he is not alone with his thoughts, feelings, fears, pain and desires. A woman can read it and see what's going on in the minds of men. They can learn about thoughts and feelings that men often keep to themselves and even rarely share with other men. Not everyone loves every quote, but there is something for everyone in these books and they are guaranteed to have you laughing out loud, grossed out, pissed off, thinking deeply, touched emotionally and stimulated sexually.
