Excellent!!

By D. Guyette

Quade Danas, a jackal shifter, was banished from his pack for being gay. He went into the military where he excelled, gaining skills that will serve him well as a bodyguard to the teenage son, Roman Howell, whose father is a very rich man. When Roman is injured and left disfigured, only Quade seems to be able to reach him. Years have passed and Quade is still with Roman but Roman wants something more from Quade. He wants to be his mate. And no matter what Quade says, it is a possibility.

Word reaches Quade through his sister that his old pack is endangered by their new alpha, who is also a psychopath. His old loyalties are aroused and he knows he must help. But what will happen to his new love for Roman? The two must find a way to make it work. Quade should have no worries. Roman will make sure it does.

Quade was your big tough alpha hero and yet Roman knew just how to get what he wanted, often Quade's dismay. The fight at the pack served to bring these two even closer. Together, Quade and Roman were so very hot but also so much fun (when not in danger). I had read the second book set in this world and just had to read the first one. Each one was unique except that they each feature hot heroes, danger and lots of action. I recently found Mary Calmes through a different story of hers and now I am hunting out all her stories. I love them and so will you if this is your genre.

Mine! Mine! Mine!

By Astrid

I never read the blurb. Mary Calmes on pre-order is enough to trigger a purchase. As I opened and began reading, it was like the bestest surprise evah!!! Shifters! *happy dance* It goes without saying that I devoured this in one sitting. Even if said sitting lasted until 3 am. (tsk-tsk - Imma tired Mama today)

I love Quade, alpha to the max - strong, sexy and grabby handed! *swoon* I adore Roman, wounded but far from wimpy. *sigh* Yeah, this book hit all my buttons:

*Made me tear up but not booger bawl

*Had me squirming but not bored with non-stop nookie.

*Has me writing down a wish list for sequels. It's a long list.

*Will have me re-reading this frequently.

Highly recommended! This one is going on my comfort food shelf!!

A Jackal Shifter Determined to Do the Right Thing and an Adorable Human Who Has A different Idea About What the Right Thing Is

By Sophia Rose

Jackal shifters in a Mary Calmes story? I'm so on it! Just like her panther stories this one has a nice unique backdrop to it & just like everyone of her stories, its the sparkling characters & the delightful romance that makes them such engaging reading experiences.

Quade is a typical alpha male with a sense of duty & stubborn streak, but it is Roman who puts the fireworks & champagne bubbles into the relationship. Quade tells the story, but both men are prominent.

Through much of the story, it is a slow chase as Roman carefully and methodically corners his prey, Quade, into first acknowledging they have feelings for each other- deep feelings- and that they need to be together. Quade has a big secret that will more than likely change Roman's mind, but then there are those naggy feelings that he is way older than Roman and that its wrong to enter a relationship with your boss- the guy whom you are sworn to protect.

The second half of the story adds the issues from Quade's past when the pack and more importantly the family that kicked him out desperately need him to come back and fulfill his destiny since he's a natural born alpha. Oh and an ex and other attractive men start popping up at the most inconvenient times.

This book worked its magic on me as I both laughed at Roman's antics and got a big cheesy grin at the tender moments. The action scenes have a nice visceral quality that might come as unexpected for those who aren't used to the way the author can give you a tender romance alongside a gritty action sequence. Par for the course with Mary's books.

More please, Mary!
