Fantastic Series!

By Pedroluis

The only thing I did not like was that the pleasure of reading the story, too soon, came to an end (I often get that, I suppose it is an occupational hazard of readers and their love of stories and authors). If I do not like a story, commonly, I do not ever finish reading it.

I liked and cared about the characters, I wanted to find out what would happen next and I felt fully exchanged with, satisfied when finished with the story, wanting more.

I look forward to more stories from the author, I am sure you will too!

Fun read full of suspense

By Natasha Moore

I had already read the first book in this series and liked it so much I went ahead and bought the whole collection. The next two books in the series didn't disappoint. They were equally full of the same mystery and suspense that kept my attention as the first. I found the bits of humor that the author has peppered throughout the book very entertaining and added a bit of fun to the whole thing. I would definitely recommend this book to anyone looking for a good page turner.

Sarah Woods Mystery series volume 3 an enjoyable ride!

By Christy Curtis

I was in withdrawal from book number 10 until I came across books 11 & 12 bought them & bought number 13 coming out January 30th 2015. I have not read many authors able to write such an engrossing story line as this woman I can't put the books down. I'm writing this at 1AM & know if I go offline & start reading book 11 I'll be up till I finish it!

Her plot is strong & always interesting right from book 1. Until Jennifer came into my life I didn't know why I didn't like the first book in a series. It's because the author spends so much time setting up the plot I get bored. Jennifer just starts the story, yes she does give some background about the characters, but not endlessly. Her characters are believable & Sarah, her heroine, isn't your normal helpless female. She is strong enough to take the lumps life gives you & move on sure sometimes reluctantly but she puts one foot in front of the other no matter how heart sick she is feeling. I can relate to this. Carter her partner is a bit older than her but very believable as the detective who hires her to train her. He is a bit grumpy like most men & certainly keeps his feelings to himself but they make a great team.

If you are looking for an interesting mystery with a great story & good characters then I highly recommend these books.
