Heartwarming

By Donna K.

I had low expectations for this anthology, and it suprised me with its depth of plot, well-drawn characters, and good quality writing style.

The Man From Pine Mountain by Lisa Jackson is a lovely story about a couple who were unjustly torn apart several years earlier. As they cautiously find their way back to each other, they forge a path of healing the grief of the past, and come to a deeper understanding of the other, and of their community. The story has a spiritual componant, and a lot of action to keep it moving swiftly and effortlessly along. Wonderful!

Naughty or Nice by Emilie Richards is a very well-written story about a social worker at orphanage of troubled girls. A product of the foster care system herself, she tried to protect her young charges from the unpleasant issues she once faced by being rather cynical and tough. A kind-hearted family of contractors who donate their time renovating the orphanage teach her what it feels like to finally belong, and in turn, she learns to lighten-up and discover the magic of the holidays, and of life and love.

Holiday Homecoming by Joan Hohl is an interesting story about the holiday reconciliation of a family torn apart by the forbidden love between a stepbrother and stepsister. At times, the dialogue/narrative was rather sexually crude, and I had to make a conscious effort not to allow it to distract me or turn me off from the much-welcomed and powerful lesson of forgiveness and acceptance!

A Kiss for Mr. Scrooge by Lucy Gordon is about a man who isolated himself from the world and the people who loved after an accident leaves him incapacitated. When he reconnects with his former fiancée, he must learn to live, love and trust again. This story contains many touching moments as the likeable characters work their way through the issues they face. Excellent!

bad taste in my mouth

By Justirishgirl

I was disappointed. Most of the stories lacked character development and moved too slowly. Also they were lacking in romance.

Holiday Homecoming annoyed me the most. The so called hero almost had smex with his younger stepsister and would have had they not been interrupted by her father. His father told him to go way and he readily did. He did not stay to fight for her but left with his tale between his legs, a coward. He stays away for years, have smex with OW that included having relationships. The heroine of course, stays celibate, frozen in time waiting for him to return. It was sad. Eventually the hero mans up and returns over seven years later. He is a hypocrite, getting upset when he thinks another man had smex with her. I am so tired of reading books that include this sexist attitude and double standard. I will admit it sets me off and ruins my enjoyment for a story when a book includes this element. It was not the only story that did either, unfortunately. It just left a bad taste in my mouth. I would never read another story by this author.

Very Good Holiday Anthology

By BOOK READER

Unlike the second reviewer, I enjoyed this book. I think Joan Hohl's story was very unique in that it was a step-sister & step-brother that were the lovers in this story. No blood relation at all, yet it tore the family apart. Good writing. I enjoyed Emilie Richards story & Lucy Gordon's, but Lisa Jackson's didn't measure up in my estimation to the other three. All in all, I enjoyed the book for my holiday reading.
