THE CAMBRIDGE INTRODUCTION TO JANE AUSTEN (CAMBRIDGE INTRODUCTIONS TO LITERATURE) BY JANET TODD PDF

Jane Austen is unique among British novelists in maintaining her popular appeal while receiving more scholarly attention now than ever before. This innovative introduction by a leading scholar and editor of her work explains what students need to know about her novels, life, context and reception. Each novel is discussed in detail, and all the essential information about her life and literary influences, her novels and letters, and her impact on later literature and culture is covered. While the book considers the key areas of current critical focus its analysis remains thoroughly grounded in readings of the texts themselves. Janet Todd outlines what makes Austen's prose style so innovative and gives useful starting points for the study of the major works, with suggestions for further reading. This book is an essential purchase for all students of Austen, as well as for readers wanting to deepen their appreciation of the novels.

Most helpful customer reviews

4 of 8 people found the following review helpful.

Not a good introduction for the average reader

By E. DeArdo

If you have never read any of Jane's novels before picking up this volume, this is a not a good introduction to her works, or life. The author does have some interesting background regarding her influences, but she colors her depictions of the novels with her own personal opinions and critical views, instead of letting the novels' summaries stand on their own. If you have some experience with Austen and would like some different critical perspective, then this book is about average.

I would recommend Jane Austen: A Companion by Josephine Ross, or the inestimable Jane Austen: The World of Her Novels by Deirdre LeFaye, for both the Austen novice and devotee. These are wonderful books
