"Fire Within" on Steroids

By KW

This book is totally amazing. If you liked *Fire Within* by Fr. Dubay, you'll love this more in-depth look at growth in the spiritual life. Its greatest strength over *Fire Within* is that he includes how spiritual progress looks in the life of an active person living in the world. It is full of useful and practical information for growth in holiness.

What They Never Taught You But You Need To Know

By Veritas Veritatis

If you are a Catholic and/or interested in knowing what Catholic spiritual life is all about, look no further.

"The Three Ages of the Interior Life"  
is a masterpiece of Christian spirituality  
literature.

It is timeless and traditional.

A modern exposition for modern man  
to escape the soul-killing brutality  
of "modernism".

If you have only one book on the subject  
of Christian spirituality,  
this very well may be the one to have.

Walking interiorly with God

By Rosc

This work is a summation of Thomist (St Thomas Aquinas) theology, and draws much from St Therese, St Francis, St Francis de Sales, among many other important spiritual teachers down through the ages.

It is an opus maximus, and as such, it has much to offer. But, then, I've culled approximately 30 pages of notes to highlight the main points. Much filler and background can be set aside. Fr. Garrigou-Lagrange has an extensive bibliography, and several of his derivative works are more concise than this huge tome. Don't get me wrong, this work is important, and has it's place on my shelf. But, it's half a year's study for most of us, and for lay-people like myself, it's a very large mountain to climb.

I do recommend this work, highly! But, be prepared to invest a large amount of time and thought :)
