THE SAURONS STRIKE BACK!

War World: The Battle of Sauron by John F. Carr and Don Hawthorne documents the pivotal point of the First Empire of Man, depicting the final clash of arms between the Imperial forces and the genetically-spawned Sauron Super Soldiers, as their battle fleets collide in the Sauron System. This battle between the First Empire of Man and the Sauron Coalition of Secession will determine whether mankind will be supplanted by a race dedicated to the military arts, or if the Empire of Man will continue to reign triumphant over the disparate and far flung worlds of man.

Vessel Commander, Galen Diettinger, of the Sauron battlecruiser Fomoria, is placed in command of the entire Sauron fleet and charged with saving the Homeworld. Will his military genius be enough to reverse the tide of the War? Or will Sauron be destroyed by Imperial military might? The fates of millions depend upon Diettinger's success.

Long Awaited Novel in the War World Series

By NYC Reader

Most fans of Jerry Pournelle's War World and CoDominium series no doubt assumed they would never see a new book. Carr and Hawthorne have added to these series with this great book, which describes in great detail the crucial end to the Sauron insurrection and the coming of the surviving Saurons to Haven, the Warworld. While some of the book is re-hashed from WarWorld anthologies, most is new work of high caliber. Thw authors capture the flavor of earlier works and suck the reader into the curiously sympathetic story of the Sauron's final leader and his quest to save his (not-so-likable) people.

Amazing!!!!

By Jeffrey J. Zimmermann

I have been a fan of the war world series for quite some time and this is the best book of the series i have seen yet. Just the overall look of the book is amazing!!! The cover and inside are is stunning and its great to have all the info in one place as well as the new content. The space battle scenes are incredible and the background info on the Sauron's make me love and hate them at the same time. I'm giving them away to friends of mine for Xmas!!

Scifi Fan

By Scifi Fan

As a first time reader of the War World series, I was at first concerned I would be lost starting with The Battle of Sauron. Quite the contrary. I was quickly drawn into the Sauron-Imperial conflict, feeling empathy actually for both sides, the characters being very well developed and "human". I especially liked the battle scenes, the tactical and technical logistics of the battles were amazing, as well as the human side of war. I plan to buy as gifts for my fellow scifi friends.
