***Warning: this book contains a surprisingly romantic, foul-mouthed hero. If you are offended by swearing and men who hide their secret soft-side behind a gruff exterior, this book is not for you!

**This book is part of The Storm Inside series, but is a STAND ALONE featuring Greg Hamilton, a secondary character in the other books.

*It is a very hot and steamy second chance Contemporary Romance

Greg's a jerk, everyone knows this. He's made an art form out of pissing people off and swearing with style. What nobody knows is why. The act works on everyone except Marie, a confident, no-nonsense woman. Or in other words, the only woman who can handle Greg. Together they're passionate and honest in a way he never thought was possible. They have a rare kind of chemistry that makes everything else seem pointless.

Well, except the past. Greg hasn't been able to let that go, and unless he figures out a way to forgive himself, he'll lose Marie and his shot at the all-consuming, life-altering happiness he didn't think he was allowed to have again.

Lightning doesn't strike twice.

Alexis Anne delivers!

By Jess

I was SO excited to finally read Greg's story. His character enticed me in the first two Storm Inside books. There was so much more to him and you just wanted to know what was up, and Alexis Anne delivers! Greg's story pulled at my heart strings, and despite his sailor mouth...I LOVED him. Hot chemistry, captivating plot, heart squeezing back story? Yeah. Sign me up again and again!

When Lightning Strikes

By Tracie Puckett

Woo! Hooray for another steamy romance full of the characters I love!

I'm in awe of this most recent novel by Alexis Anne, and I'm confident that it's my favorite in the series thus far. While it was fun to see the snippets of our beloved Jake and Eve pop up every few chapters, it was wonderful to watch Greg take the spotlight this time in all of his foul-mouthed glory.

Marie is a strong-willed, independent, and self-sufficient mother, and it's so refreshing to find a lead female character with the capability to function (happily!) without a man. THIS is a protagonist I can get on board with. What I love about Marie's relationship with Greg is that a lot of their romantic journey centers around how much she WANTS to be with him. She knows she doesn't NEED him, and I truly believe this speaks volumes about her character. However, at the opposite end of the spectrum, I feel Greg needed Marie in order to save himself from becoming a person even he couldn't recognize. There was so much give and take with these two. They completed each other in ways even they didn't realize they were incomplete.

For a love story with as powerful a beginning as this one had, I'm hopeful to see more of Greg and Marie in the future. *fingers crossed*

Refreshing

By A Parks

I admit - Jake and Eve hold a special place in my heart. BUT, and its a big but, Greg and Marie's story is unbelievably romantic and sweet, with a huge dollop of WTF's (mostly coming from Greg, although, I did say it a few times myself). Not sure why this story struck such a deep cord with me, and I'm not sure I care. It just did. Of course it was sexy and sultry and the usual "I need a quick cold shower before I read anymore" prose that is Alexis Anne, but it was so much more. It was more than two characters growing, and moving past the issues that haunt them. It was a fight to remain true to themselves and who they are, and make THAT work in their relationship. YOU MUST READ!
