WHERE DO DEAD PEOPLE LIVE?: AND OTHER PSYCHIC STORIES (PATH TO ENLIGHTENMENT) (VOLUME 1) BY MR RICHARD LEE VAN DER VOORT M.A. PDF

The “psychic stories” presented in this first volume ALL happened to me personally. One event. 1955, when I was only 19 years old and in the U.S. Army. Later, after taking a B.A. in Western Philosophy, an M.A. in Modern Lit and Poetry Writing, and an entire career as a college English professor .poet & writer, I had a major spiritual experience that returned me to a belief in God after a 15 year absence as an Agnostic. God and his spirits, however, had not forgotten me. I did not return to any religion, though. I came to believe, like Carl Jung, in a DIRECT relationship with God, no “middle-men”, no creeds or doctrines.

Makes One Think

By Gerald R. Anderson

I am always interested in things that are out of the ordinary, especially that which has to do with our minds. But I am also a skeptical person. In the case of this book of psychic stories, I found the things that happened to the author to be quite credible. Not like someone trying to put something over on a reader. The guy that wrote WHERE DO DEAD PEOPLE LIVE would probably be very interesting to talk to. He probably has even more stories than the ones in the book. And, according to things he says about his history, he must be quite old by now. Anyway, I will certainly look for any other books he writes. Nice and clear also. I like that! I'd like to know what he thinks is behind all those things he wrote about, like Spirit or God. I look forward to the next book in the series.
