Excellent Guide

By Pat**Johnson

I used this as a reference guide in knowing the basic acronyms that are commonly used in Physical Therapy. The presentation of goals, history and documentations are also well incorporated in this book. Basic but definitely useful for starters and for professionals as well

8 of 9 people found the following review helpful.

SOAP Notes

By Peter Angle

This is a very well written book that gives you detailed instructions on SOAP Notes. Most instructors gloss over SOAP Notes and they can mean the difference between a successful re-imburement or legal case. My notes were good enough to win a \$2000.00 case. Not bad for a massage therapist!

4 of 4 people found the following review helpful.

Straight forward

By Jay Nguyen

This is a very simple book. The worksheets really help. The explanations are straight forward.
